END YOUR FAMILY LAW DISPUTE NOW

RESOLVE YOUR FAMILY LAW PROBLEMS QUICKLY AND SAVE ON LEGAL COSTS

Mediation can settle disputes about children and property. Mediation is a form of alternative dispute resolution (ADR) and aims to assist two (or more) people to reach an agreement. Whether an agreement results or not, and whatever the content of that agreement, if any, the parties themselves determine it rather than accepting something imposed by a Court which they both may dislike. This flyer contains a summary of the Dispute Resolution Services I can offer.

Anything said at a mediation is **strictly confidential** and, other than in exceptional circumstances, may not be used in Court. You may choose an **Evaluative Mediation** which is a modelled on judges' settlement conferences. An evaluative mediator assists the parties to reach agreement by assessing what a judge would be likely to do. The mediator may make recommendations about certain issues. They evaluate the case based on legal concepts of fairness and explain the costs vs. the benefits of pursuing legal proceedings rather than settling in mediation. **Evaluative Mediation** has been proven to be very effective in solving Family Law disputes here & overseas.

Mediations can be held via ZOOM video Conferencing or can be held in person at any venue agreed to and paid for by the parties. My preference is to use ZOOM.

Up to **3 hours** of mediation there is a flat fee of **\$3,000 including a pre-mediation phone conference & reading of any material.** For **6 hours** the flat fee is **\$6,000.** After 3 or 6 hours \$600 per half hour extra is charged. There is also a \$600 surcharge for use of my suite of chambers if the mediation is conducted in person. GST is included in these fees
